Mr. Minin L. Weisl, Special Counsel Preparedness Investigating Subcounttee Consittee on Armed Services United States Senate Weshington 25, D. C.

Dear Ed:

I sinearely supreciated your letter of February 6. I had the highest regard for the way you, as counsel, conducted the hearings for the Preparedness Subcommittee and feel that such that is constructive can and will come out of its work. It is always encouraging to hear that the members of the Committee feel that we are doing a reasonably competent job here in the Agency.

If you are still in Washington, possibly we can get together before you heave, but if not, I shall look forward to seeing you on one of my early trips to New York.

Sincerely,

April 1
